Comments Regarding Pricing Strategy		
The indicated value was derived by comparing the subject to active/ sold properties, taking into consideration location and the overall similarities of the subject compared to comparable sales. All comparables selected offer good overall similarities to the subject and are representative of both the subject's neighborhood and competing neighborhoods of similar age, size, and style homes, offering similar buyer appeal. Subject's final value represents a value with normal marketing times and is based on the most similar and proximate comps in this report. GLA adjustment was made by taking 40% of the average of the price per square foot of the sold comparables.		

Clear Capital Quality Assurance Comments Addendum	
Reviewer's Notes	The broker's as-is conclusion reflects the market for the subject. Comps are within a reasonable distance, relatively current, and accurately reflect the subject's defining characteristics. Thus, the as-is conclusion appears to be adequately supported.

Report Instructions

This section shows the instructions that were approved by the customer and provided to the broker prior to completing the report.

Instructions last updated: 02/07/2025

Purpose:

Please determine a Fair market price for this property at which it would sell in a typical marketing time for the area.

Comparable Requirements:

If any of the following comparable criteria cannot be met, the commentary is required as to why you expanded your search, and what the effect on price will be.

1. Use comps from the same neighborhood, block or subdivision.
2. Use REO comparables only if the market is driven by REOs and they are comparable in characteristics and condition.
3. Use comps that have closed in the past 3 months to show the current market conditions. In rapidly changing markets, active listing comps should be given equal or greater weight than sold comps in your analysis.

Property Condition Definitions:

1. Poor: Uninhabitable or severely damaged from fire, flood, vandalism or mold
2. Fair: Repairs needed, may not be eligible for all forms of financing, below the neighborhood average
3. Average: Minor cosmetic or no repairs needed; typical for the neighborhood, move-in ready but no significant updates or renovations
4. Good: Above average, move in ready, no repairs necessary and has recent and significant updates and/or renovations (or, for customers that do not provide for 'Average', any move-in ready property)
5. Excellent: Newer construction (1-5 years) or high end luxury
